## **FROM YOUR SCHOOL DENTAL HYGIENIST**

Dear Parent or Guardian:

The School Health Law requires that regular dental examinations be completed at scheduled intervals throughout the school years. Penn Manor School District requires that dental exams be obtained for students in KINDERGARTEN, GRADES 1 and 5. These grades coincide with the eruption of new teeth and typical problems which can be detected and treated by your dentist.

**Since your child in entering a grade listed above, the form on the back of this letter is to be signed by your dentist and returned by the first day of school.**

I provide classroom programs for Kindergarten through Sixth Grade. These programs cover such topics as: proper oral hygiene ( brushing and flossing), nutrition, dental safety, periodontal (gum) disease, effects of smoking and smokeless tobacco, and the anatomy and function of the teeth. With each grade, I will send home a variety of materials with your child.

Thank you for your cooperation in helping us carry out this phase of the School Dental Health Program.

Sincerely,

Cindy Garcia, RDH  
School Dental Hygienist
