To help further the goals and objectives of the school district through its participation in the Lancaster County Academy, the Board shall issue graduation diplomas for its residents who satisfactorily complete all program requirements of the Lancaster County Academy, if all established guidelines are met.

Residents of the district who have attained the age of twenty-one (21) prior to the start of a school term and have not graduated from high school shall not be precluded from participating in the Academy. However, nothing in this policy shall entitle residents who have attained such age to participate in any other school district program or activities.

2. Guidelines

For issuance of a district diploma pursuant to this policy, all of the following conditions must apply:

1. The Academy must be operating pursuant to all necessary authorizations and approvals required by law.

2. The school district must be a participating member of the Academy.

3. The district resident must satisfactorily complete all program requirements of the Academy.

4. A student who meets all of the Academy's program requirements for a diploma shall be eligible to participate in the Academy's graduation ceremony. The school district, in its sole discretion, may grant an Academy student's request to participate in its high school graduation ceremony and related activities. Any request to participate in the school district's high school graduation activities must be submitted through the Academy's Executive Director to the Superintendent at least ninety (90) days before the date of the district's high school graduation ceremony.
