Lifelong lifestyle balance shall be reinforced by linking nutrition education and physical activity.

The staff responsible for providing nutrition education shall be properly trained and prepared and shall participate in appropriate professional development. Criteria shall be developed to measure “properly” and “appropriate.”

Nutrition education shall extend beyond the school environment by engaging and involving families and the community.

Nutrition Promotion

The district aims to teach, encourage, and support healthful eating by students. District schools shall promote nutrition by providing appropriate nutrition education in accordance with the Student Wellness Policy.

District staff shall cooperate with agencies and community organizations to provide opportunities for appropriate student projects related to nutrition.

Consistent nutrition messages shall be disseminated and displayed throughout the district, schools, classrooms, cafeterias, homes, community and media.

Consistent nutrition messages shall be demonstrated by avoiding use of unhealthy food items in classroom lesson plans and school staff avoiding eating less healthy food items in front of students.

District schools shall encourage parents/guardians to provide healthy meals for their children through newsletter articles, take-home materials, or other means.

Physical Activity

District schools shall strive to provide opportunities for developmentally appropriate physical activity during the school day for all students.

Students shall participate daily in a variety of age-appropriate physical activities designed to achieve optimal health, wellness, fitness, and performance benefits.

Age-appropriate physical activity opportunities, such as recess; before and after school; during lunch; clubs; intramurals; and interscholastic athletics, shall be provided to meet the needs and interests of all students, in addition to planned physical education.
