

**Ville Swimming Academy
Learn to Swim Clinic Fall 2018**

The Ville Swimming Academy is announcing its 2018 learn to swim clinics for this coming fall. The clinic offers a wide range of groups for your swimmer to progress through, so whether the child is a beginner learning to swim or a seasoned swimmer, there is something for everyone. Below are dates, times, and descriptions of each of the clinics offered during the year.

About the Program

The philosophy of the Ville Swimming Academy Learn to Swim Clinic program is to lovingly build confidence by helping the non-swimmer confront fear head-on. One major goal is for the non-swimmer to eventually be comfortable around and then to enjoy the water. Also, proper stroke technique is reinforced early on. Instructors will consist of graduate and undergraduate personnel with the swimmer-to-instructor ratio an ideal 4/1. Classes will run 45 minutes, twice a week, for 2 weeks. No waterwings or other floatation devices will be used, and this clinic is for both boys and girls.
