REGISTER HERE

A limited number of scholarships are available thanks to the generosity of the following organizations:
John Herr's Village Markets, Millersville Lion's Club, Sheetz.

***Camp not affiliated with Penn Manor School District**

Come join the fun in the garden!

Campers explore the garden and engage in fun activities in small groups of 5-7, rotating through 4 different stations throughout the morning. Each day has a special garden-related theme with a read-aloud, activity, and craft. Finally, campers learn how to turn their freshly-harvested produce into healthy snacks by creating recipes both familiar and from around the world.

Scholarship Opportunities:

Our Summer Camp Scholarship Program was created to award financial support to families who find it difficult to afford the cost of camp. A limited number of full-tuition scholarships are available. Parents/guardians are required to complete a brief statement of need at registration. An Edible Classroom staff member will contact families to notify them of their scholarship status.

Covid-19 Safety Plan for Garden Camp

The Edible Classroom staff is fully prepared to offer your camper a safe and fun experience. We will disseminate our Covid Safety plan at least one week prior to the start date in order to provide the most up to date guidance for safely administering camp. Feel free to contact Beth at (717)201-2517 with any questions.
