- 2" binder
- 1" binder
- 6 pocket folders
- composition books (2-4)
- 3 single subject notebooks (**6<sup>th</sup> grade**)
- calculator ~ Texas Instrument TI-30X Scientific Calculator (**6<sup>th</sup> grade**)  
*Students will have the option to borrow a calculator from the school if they choose not to purchase their own*
- **\*\*\*OPTIONAL:** Texas Instruments TI-30XIIS Calculator for Math **\*\*\***
- The Penn Manor School District provides a TI – 30X IIS Texas Instruments calculator for students in grades 4 through 6. However, the teachers recommend that students purchase their own scientific calculator that will be used in grades 4 through 6. In seventh grade, all **Marticville Middle School** students are required to purchase his or her own scientific TI – 30X IIS Texas Instruments calculator. Just think, the earlier you buy your child their own scientific calculator, the more use for the money!
- The calculator you purchase **MUST** be a TI – 30X IIS Texas Instruments calculator so all the students are learning the same functions.
- The calculator can be found for about \$15.00 and in multiple colors at K-Mart, Target, Wal-Mart, Radio Shack, Office Max, Staples, and other office supply stores.

- The elementary schools appreciate any donations of dry erase markers (we use approximately 12 – 15 per student throughout the year), tissues, paper towels, and/or hand sanitizer. These items can be turned into the office to be distributed as needed throughout the year.
- Kindergarten students may wish to keep a paint shirt in the backpack as well for art activities. (An old adult size T-shirt works great.)
