

What makes a “complete” meal?

Breakfast

In order to receive a free breakfast it must meet the National School Breakfast program standards:

- Must contain at least 3 items
- 1 of the 3 items **MUST** be a ½ cup of fruit, juice, or vegetable

Lunch

At lunch for a meal to qualify for a meal price at the students designated meal status it must meet the National School Lunch program standards:

- Must contain at least 3 out of the 5 offered components (food groups - dairy, fruit, vegetable, grains, protein)
- 1 of the 3 components **MUST** be ½ cup of fruit, juice, or vegetable.

Ala Carte

When a student does not meet the above requirements for the meal to qualify, the items the student chose will be charged ala carte (by the individual item). This may result in the total purchase price being higher than the price of a meal. All students are encouraged to grab the necessary components to make a meal before they are charged ala carte.

3 Ways to Qualify

Direct Certification: This is a list of students that the state determines automatically qualify. Penn Manor will mail a letter home if your household is on that list. All children in the household will also qualify. If you have a student(s) living in your household and are not listed you need to contact Penn Manor's Food Service Department

SNAP or TANF: If you do not receive a letter informing you that your household has been directly certified you will need to fill out an application. You will need your 9-digit SNAP/TANF case number (**must be an active case**) and will automatically qualify.

****Please DO NOT include your case number on the application if you receive MEDICAID and DO NOT receive SNAP or TANF benefits****

Income Based: If your household falls under the income guidelines below you will qualify for reduced price or free meals.

Household	Annual	Monthly	Weekly
1	\$ 28,953	\$ 2,413	\$ 557
